Continuation of Substance of Interview including description of the general nature of what was discussed: Claim 28 was improperly dependant on its self. This typographical error will be corrected by examiner's amendment to change the dependence to claim 27. It was also noted that the proposed amendment associated with the interviews of 8/23-24/2004, had been improperly scanned into the file as an official amendment, with papers mixed with the cover sheet of the entered 7/30/04 after final amendment. The Examiner will have these straightened out. .
